- ii. Participation Incentive: A customer shall receive the Participation Incentive if the customer charges off-peak, 11:30 P.M. to 7:00 A.M. Eastern Standard Time, 80% or more for the calendar month. The Participation Incentive shall be the difference between the Service Classification No. 1 delivery and supply rates for the month and the Service Classification No. 8 PEV delivery and supply rates for the month multiplied by the kWh used off-peak measured by the customers vehicle telematics system or charger. A customer that does not achieve the 80% threshold in any given month shall not earn an incentive for that month, however, the customer shall be able to earn the participation incentive in any of following months if they achieve the 80% threshold.

Participation Incentive: The Participation Incentive shall be the difference between the Service Classification No. 1 delivery and supply rates for the month and the Service Classification No. 8 PEV delivery and supply rates for the month multiplied by the kWh used off-peak measured by the customers vehicle telematics system or charger. A customer shall receive the incentive, assessed on a month-to-month basis, if the customer maintains an active daily charging schedule and agrees to allow active managed charging of their vehicles by the Company. A customer shall not override their managed charging schedule resulting in an on-peak charging event greater than fifteen (15) minutes and more than three (3) times per month.
