

NYSEG electricity and natural gas rates

NYSEG has filed tariff revisions October 27, 2023 with the New York State Public Service Commission (PSC) for new electricity and natural gas delivery rates to become effective **May 1, 2025**. These tariff revisions cover the third annual delivery rate increase under the terms of a three-year rate plan approved by the PSC in October 2023, and they include a \$200.6 million increase in electricity revenue and a \$12.9 million increase in natural gas revenue. These tariff revisions also recover revenue shortfalls for the electric service classes for the period May 1, 2023 to November 1, 2023.

A residential electricity customer with an average use of 600 kilowatt-hours/month can expect an average monthly bill increase of \$11.34. A residential natural gas heating customer using 100 therms/month can expect an average monthly bill increase of \$4.10.

You may see some charges prorated on your May or June bill to take into account energy delivered before and after the new electricity and natural gas delivery rates went into effect.

Regarding energy supply: If you purchase energy supply from **NYSEG**, your price will continue to be based on market prices; if you purchase your energy supply from a supplier other than **NYSEG** (also known as an energy services company or ESCO), your energy supply price depends on your agreement with your ESCO.

RESIDENTIAL CUSTOMERS

Regular residential customers: The electricity delivery charge will increase 1.889 cents per kilowatt-hour. The per-therm natural gas delivery charge for the 4-to-50-therms block will increase 6.102 cents per therm and 2.463 cents for the block rate over 50 therms. The customer charges for electricity and natural gas will not change.

Day/Night and Time-of-Use customers: The electricity delivery charge will increase 1.760 cents per kilowatt-hour for Service Class 8 and 1.329 cents per kilowatt-hour for Service Class 12. The Service Class 8 and Service Class 12 customer charges will not change.

Additional information about changes in residential electricity and natural gas delivery charges is available at nyseg.com (click on the Account tab and select “Electric Pricing” or “Natural Gas Pricing” in the “Understand Your Bill” column).

NONRESIDENTIAL CUSTOMERS

Information about changes in nonresidential electricity customer charges, electricity demand and energy charges (where applicable), natural gas minimum charges and natural gas therm charges is available at nyseg.com.

Changes are also in effect for standby, street lighting and economic development rates. Please check page 2 of your bill for bill messages and nyseg.com for detailed information.
