Save paper — sign up for eBill and view this newsletter online, too!

Celebrate Earth Day and keep New York's future green Sign up for eBill today!

When Amy signed up for **eBill**, she knew she would have an impact on New York's environmental future and future New Yorkers, like her daughter, Ellie. By reducing paper waste and greenhouse gases, Amy will be one step closer to helping to protect our environment.

This Earth Day you can make a change, too! With just one little click, you'll be on your way to the most convenient way to view, pay and store your bills — and you'll be helping the cause.

When you sign up for **eBill** you can:

- View 12 months of bills online.
- Combine multiple bills to make one single payment.
- Export your **eBill** data to your own spreadsheet and print **when necessary for you**.
- Pay your bill online or sign up for **AutoPay**. Your secure payment will be made on time automatically each month. Add **Budget Billing** and even out your energy costs over 12 months.

We have a strong commitment to the environment and making New York a greener place to live and work. Sign up for **eBill** and our online payment options today at nyseg.com.

It's good for you and great for New York's future. Just ask Amy and Ellie!

"I signed up for eBill because I want to reduce paper waste and help the environment. I'm getting much less paper in the mail and feel like I'm doing something responsible. It's easy for me and good for New York's future!"

— Amy M., eBill customer, and her daughter, Ellie

Piero Lisio, Partner, Little Venice Restaurant, is saving \$1,600 a year in energy costs since participating in our energy efficiency programs.

Know what's below Call 811 before you dig

Whether you're a contractor or homeowner doing an outdoor project, having underground facilities marked is essential to protect yourself from injury and prevent damage to underground utility lines.

It's free and easy — simply call Dig Safely New York at 811 two working days (not including the day you call) but not more than 10 working days before you plan to start your project.

All utilities will then mark the underground facilities in and near the work zone.

Look up ... look out!

If you're headed outdoors with a list of home improvements projects, remember to watch overhead. When working around your house, remember that aluminum siding, gutters and ladders conduct electricity. If these touch an overhead power line the results could be deadly. And if your project includes tree pruning, please don't prune near power lines.

Are your timers set to save money?

On March 12, Daylight Saving Time (DST) began. If you're a **NYSEG Time-of-Use or Day-Night electricity service customer**, be sure any timers you use to control equipment or appliances during lower cost service hours are always synchronized with the clock in your NYSEG electric meter. Please note: the clocks in Day-Night and Time-of-Use meters remain on Eastern Standard Time (EST) all year.

Our **Residential Day-Night Electricity Rate Service** hours are as follows:
From the second Sunday in March until the first Sunday in November:

- **Daytime rate hours** are 8 a.m. to 12:30 a.m. DST
- **Nighttime rate hours** are 12:30 a.m. to 8 a.m. DST

Our **Residential Time-of-Use Electricity Rate Service** hours are as follows:

- During the **spring** (March, April, May) and **fall** (September, October, November) there are **no on-peak rate hours**.
- The **mid-peak rate hours** are **weekdays, weekends and holidays** (Memorial Day, Labor Day, Thanksgiving Day), **7 a.m. to 11:30 p.m. EST or 8 a.m. to 12:30 a.m. DST**.
- **Off-peak rate hours** are **11:30 p.m. to 7 a.m. EST or 12:30 a.m. to 8 a.m. DST**.
